S&G Solution Focus

Technical Computing — It's our DNA

Scale Out Systems

Distributed Memory
SGI® ICE™ X

- World's Fastest Commercial Supercomputer
- #1 Performance per Watt for x86
- Largest IB-based system deployment

HPC Clusters
SGI Rackable®

- Value-driven performance and capacity
- Simplified cluster management
- Complete factory-integration

Scale Up Systems

Shared Memory
SGI® UV™

- Largest cache-coherent in-memory system
- Fastest shared memory benchmark
- Operate like single workstation
