

# ***The High Performance Hybrid Scale-out NAS Company***

TERATEC - JUNE, 2015

**ELIZABETH JASSAUD, SOUTHERN EUROPE – [ejassaud@panasas.com](mailto:ejassaud@panasas.com)**

# THE HIGH PERFORMANCE HYBRID SCALE-OUT NAS

***Panasas is the leader in High Performance Hybrid Scale-out NAS for Industries and Research.***

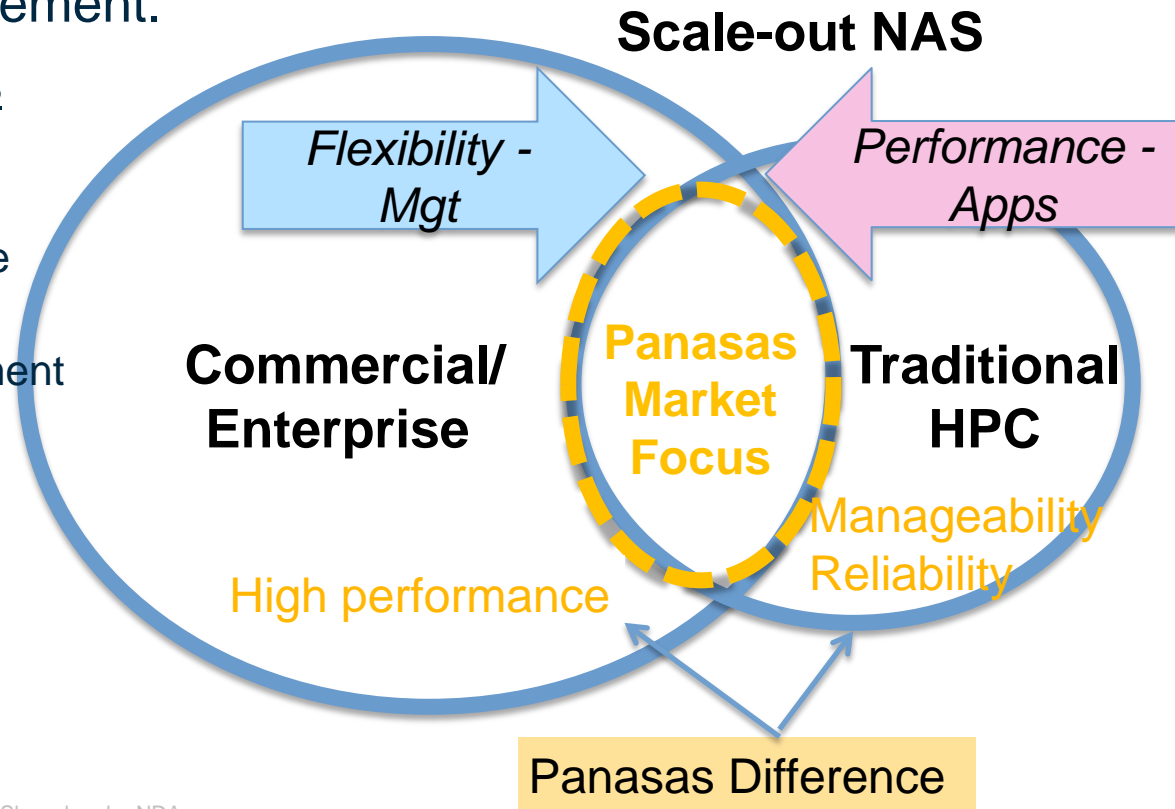

- Target market focus: Industries and use-cases with large unstructured data sets requiring high performance, reliability and ease of management.

## Market Needs

- Scale-out capacity
- Enterprise data management features

## Market Needs

- Performance
- Low cost per TB

## ■ Our Differentiation

- Performance that **improves** with scale: ...smoothly from 1.5 to >200GB/S...
- Data protection that **increases** with scale: ... RAID6+, Extended Filesystem Availability...
- Scalable storage that is **easy** to access, deploy and manage: ...The native & true Appliance...

## ■ The data we manage

- Critical data that delivers advantage to our customers
- Large data files
- Very large numbers of data files
- Mixed workloads – all data types and files sizes
- Very large numbers of concurrent users

# ACCELERATING OUR CUSTOMERS' TIME-TO-RESULTS

Segment	Application	Customers	Outcomes
Media and Entertainment	Rendering Video Editing Active Archives	Deluxe, Square-Enix, DIRECTV, Asylum, Chainsaw Editing	Enhanced creativity and faster product delivery
Life Science	Genomic Sequencing	Merck, Novartis, Genouest, UCB, National Institute of Health, Beijing Institute of Genomics	Drug development, preventative and predictive healthcare
Manufacturing	Product Design	Boeing, Airbus, GE, Pratt and Whitney, P&G, Mercedes F1, Toro Rosso, Sauber F1,	Better, faster, cheaper, safer products
Energy	Deep-sea floor modeling	Chevron, BP, Conoco Phillips	Accurate and efficient oil discovery
University	Private cloud	UCLA, CINES, Rutherford Appleton Labs Leicester University	Efficient deployment for multiple workloads – science, math, film, sports
Government	Defense	US Air force, NOAA, US Navy, NASA
