OPCORE's Successful Transformational and Scale-up Journey

OpCore's strategy has always been **engineering and innovation-first**, to successful develop **solutions to customer transitions**
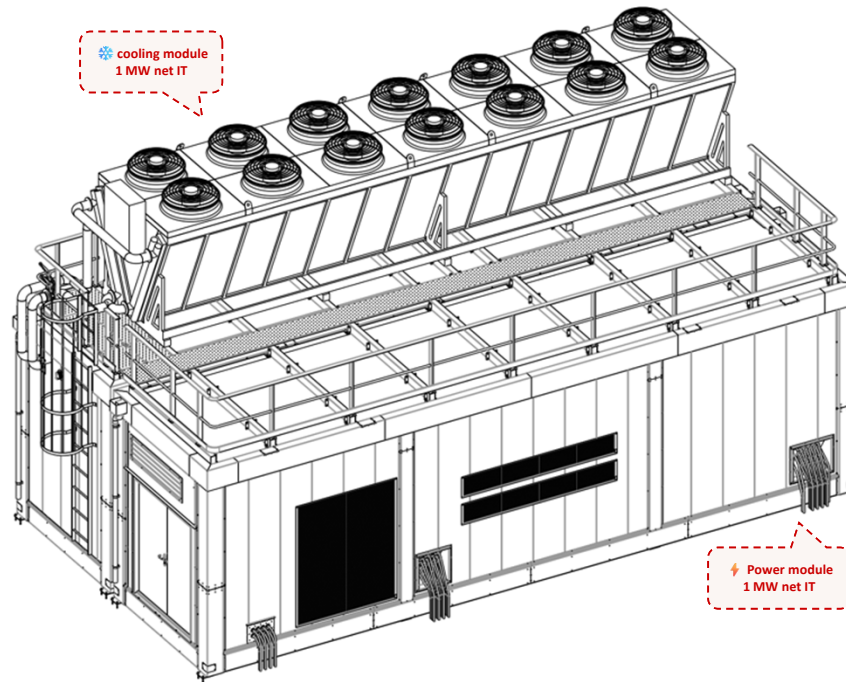

OpCore Development

1999
Founding
Provides a wide range of cloud, hosting and colocation services for Iliad

2009
Acquisition by Iliad of Alice and its Parisian Data Centre, revamped and renamed Paris 2

2012 - 2017
Development and Commissioning of Paris 3 (Rooms 1,2,3,4)

2019-2024
Development and Commissioning of Paris 5 (Room 1)

2020
Acquisition by Iliad of Jaguar Network[2] DC portfolio in Lyon and Marseille

2023
Securing Paris 6 lease and commissioning of Paris 5 (Rooms 2,7,8,9,10,11)

1990 - 2002 | **2003 - 2015** | **2016 - 2024**

2004
Acquisition of Paris 1 by Iliad in Bezons

2016
Signing of Hugo[1] at Paris 3

2017
Development and Commissioning of Paris 4

2020
Acquisition by Iliad of Iliad-3S DC portfolio in Poland

2023-2024
OpCore's carve-out from Iliad-Scaleway with integration of Iliad-Free Pro and Iliad-3S assets in the perimeter

2024
Hybrid Data Center Design ("HDD") – New "1 Design" Concept
State-of-Art Modular DC concept concentrating Opcore's technical expertise to enable a new Industrial approach

M&A   Corporate

Notes: (1) First Hyperscale contract; (2) Newly named Iliad-Free Pro

The HDD is an innovative in-house approach that responds quickly and easily to changes in the market and demand, enabling compatibility with AI / DLC technologies

Power module

- ✓ 36 sqm module (12m x 3m), stand-alone and all-in-one
- ✓ Deliver 1 MW net IT power capacity
- ✓ Includes UPS, transformer, MV and LV switchboard
- ✓ Fire-resistant 2 hours

Cooling module

- ✓ 36 sqm module (12m x 3m), stand-alone and all-in-one
- ✓ Deliver 1 MW net IT cooling capacity
- ✓ Includes chiller, dry-cooler, pumps
- ✓ Native for DLC
- ✓ PUE @100% load
  DLC 80% / AC 20% : 1.111
  DLC 0% / AC 100% : 1.173
- ✓ WUE : 0.00003

cooling module 1 MW net IT

Power module 1 MW net IT

2-day all-inclusive installation by a single worker

OPCORE's HDD: An Innovative and In-House modular design by 1MW increment

PAR6 St-Ouen L'Aumône – HDD illustration.
