

Encouraging Energy Efficiency and Sustainability in HPC

Teratec
May 22, 2025
Natalie Bates

Q: Why are we here?

A: Learn, solve problems, embrace challenges

OUR VISION

Sustainably
Supporting
Science through
committed
community
action.

Curb environmental impact
through increased energy
efficiency in HPC

*Current focus: Energy
Efficiency and Sustainability
New domain: HPC and AI*

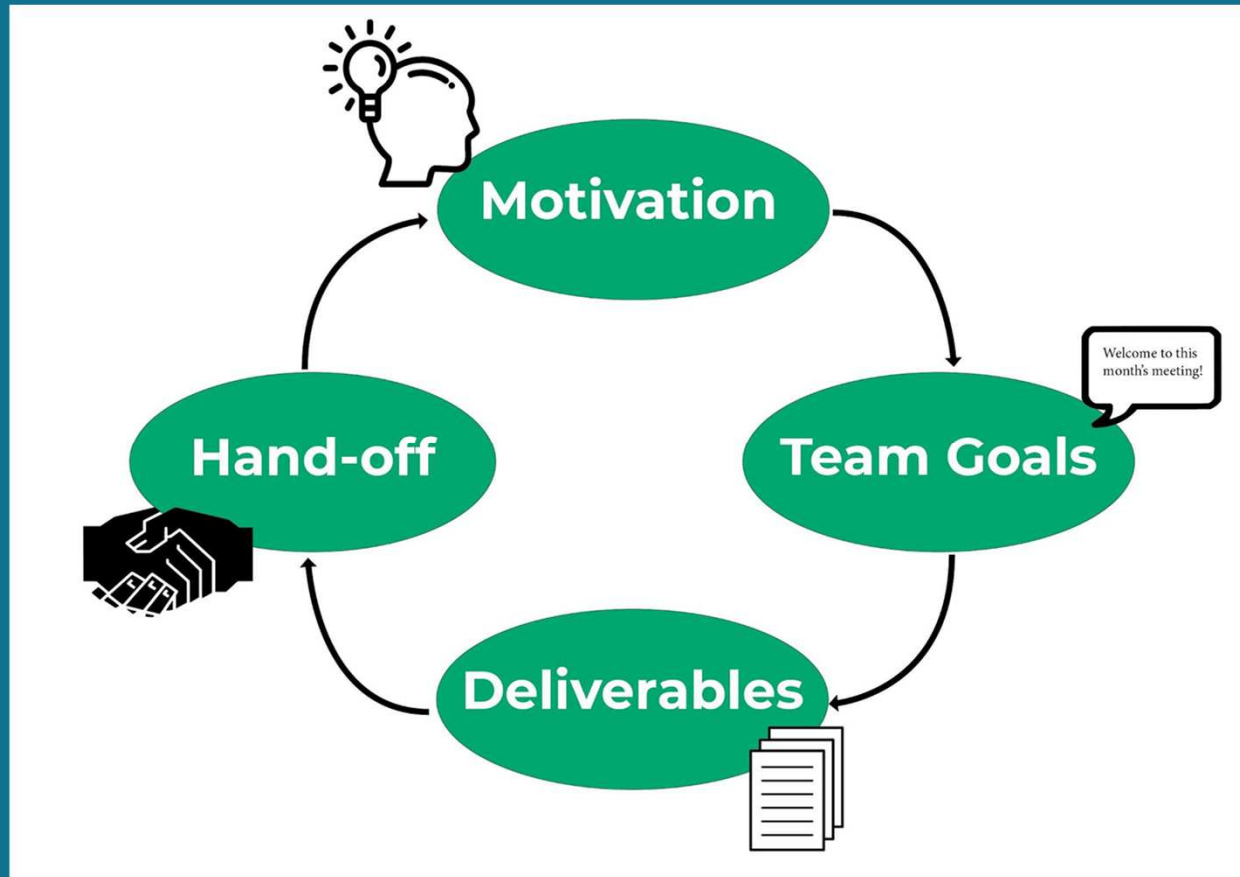

GLOBAL, OPEN, ACTIVE

Sustainably
Supporting
Science through
committed
community
action.

- 1300+ members from 40+ countries
- 50% sites, 30% vendors, 20% academics
- Unique blend of facility & HPC system focus
- Free and open membership

TASK FORCE STRATEGY

TEAMS

Currently active

Procurement

Operational Data Analytics

Cooling Controls

Power Measurement

Power API

Water Management

Liquid Commissioning

TUE

Convened previously

Wx

Electrical
Commissioning

Liquid Cooling Spec

Liquid Cooling How to

Dashboards

Grid Integration

EPA JSRM

Electrical Distribution

Brainstormed

Optimized Loading

RASM

Reproducibility

Heat Re-use

Modular Data Centers

Power Stack

Dynamic Power

ACTIVE TEAMS

Team (Green Active Link)	Deliverable
Procurement	New Section on Sustainability
Operational Data Analytics	Site presentations
Power Measurement	New Revision of Methodology
Power API	New Section on Liquid Cooling
Cooling Controls	ORNL Case Study
TUE	How-to Guide
Liquid Commissioning	Updated Guide
Water Management	Site survey and presentations

Liquid Cooling How-to Guide: Whitepaper and Youtube

Liquid Cooling How-to Team

WHITEPAPER:

<https://docs.google.com/document/d/1UAABaaU7BdVNyx3N0vuG5i9eruXXdwp0/edit?usp=sharing&oid=114225751913896442315&rtpof=true&sd=true>

Participate

- Visit Website - <http://eehpcwg.llnl.gov>
- Join a Team- nbates@lbl.gov
- Bi-monthly General Membership Meetings (June 10th)
- Workshop and Birds of Feather at ISC25
 - Energy Efficiency with Sustainable Performance (EESP)
 - Green500 Birds of Feather
- Virtual EE HPC WG Workshop June 25th and 26th
- Lawrence Livermore National Laboratory/El Capitan Showcase
- Booth, Workshop and Birds of Feather at SC25

Merci!
