# Spain

Juan Martinez Samalea

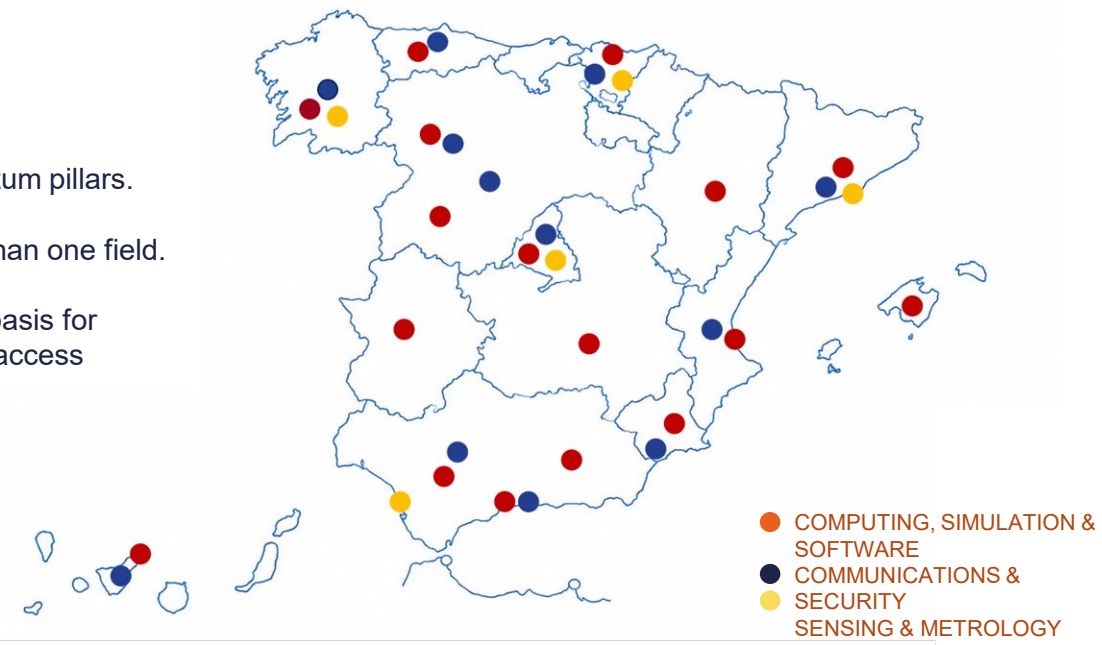

Head of Unit of AI and Quantum Technologies adoption in the General Directorate for AI, Spanish Ministry for Digital Transformation and Public Sector

# Spanish capabilities map

## A GEOGRAPHICALLY DISTRIBUTED LANDSCAPE

- Capabilities identified across multiple regions.
- Complementary strengths across the three quantum pillars.
- Several territories combine capabilities in more than one field.
- Spain's distributed capabilities provide a strong basis for national coordination, specialisation and shared access

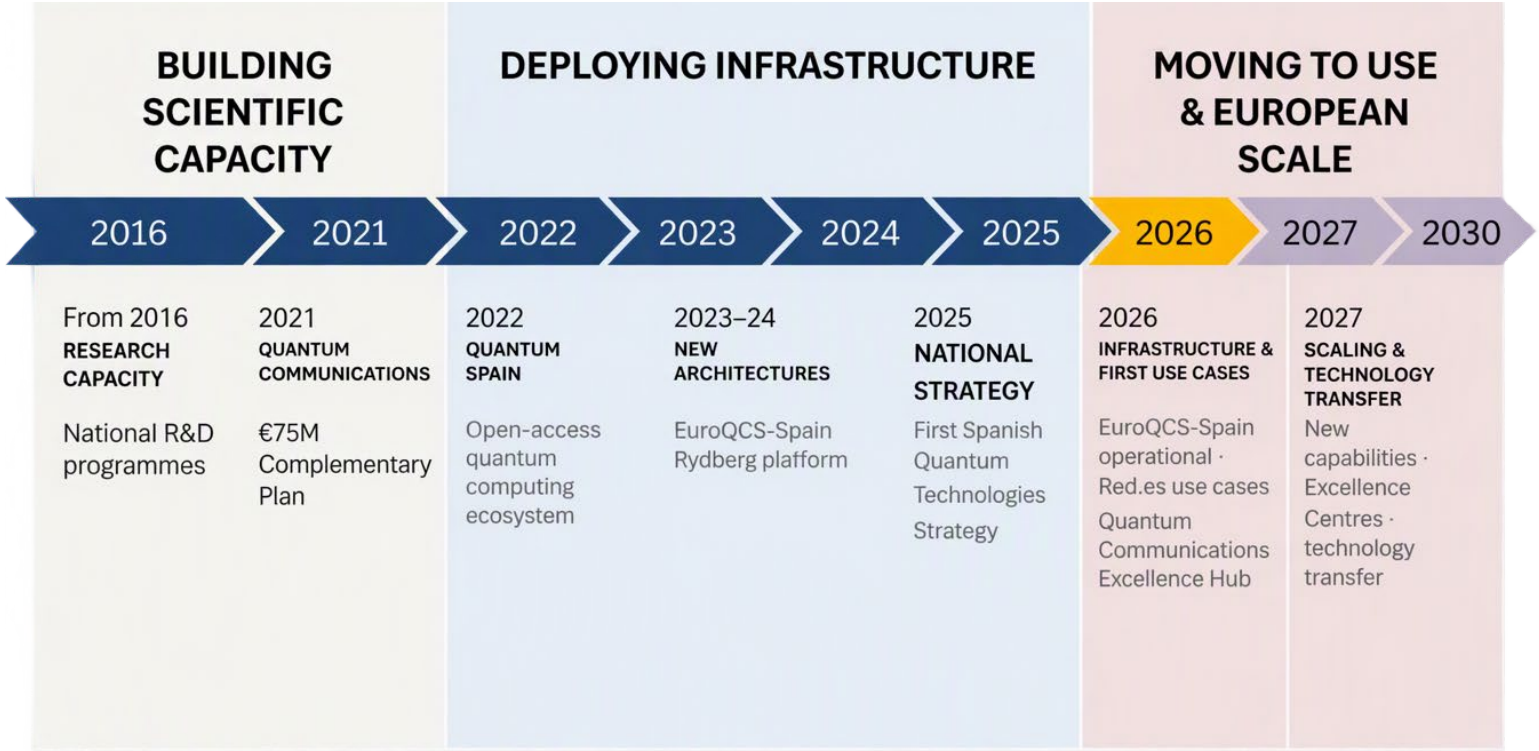

### Spanish perceived strenghts
